¹ Publications. In the Index app, the landing page is considered the landing page of each publication.

² Four ad frames with static images, for which up to four landing page URLs can be submitted.

³ Two static image ad solutions with swipe to show two different creatives. The two images are superimposed and can be viewed by moving a vertical line (slider) horizontally across the two images.

⁴ When scrolling down, it automatically positions itself in the centre. Serving: fixed position ad, with a one-time operation for one user.

⁵ Fixed-placement, two-image, large-format ad that can be moved. On scrolling, one image becomes 100% transparent, showing the image below.

⁶ A 480x654 image fixed behind the article page (= scrolls above it, but the image stays there as if it were the phone's background image), which can be viewed through a 480x240 window.

⁷ When scrolling down, it automatically positions itself in the centre. Fixed positioned ad, with a one-per-user, one-time-play operation.

⁸ Displays 3 different creatives in a linear fashion.

⁹ Displays up to 8 images in a row, similar to galleries.

¹⁰ While reading, the user is presented with an ad (insight window) that fills the entire width of the screen, in which the ad moves at the slightest horizontal movement of the phone. In all cases, the geometric centre of the cast creative is the opening state.

Available formats: static image (.jpg, .png). Creatives are not displayed in thematic attachments. In app mobile rich media solutions are displayed in the same zone, so cannot be assigned to the same day, for the same publication.
